SUMMARY

Detail-oriented and highly motivated backend developer with expertise in Django, HTML, and CSS. Passionate about continuous learning and delivering high-quality solutions, I approach every project with precision and a drive to achieve the best results. Eager to contribute my skills to a dynamic team and grow in a backend or full-stack development role.

EDUCATION

BACHELOR OF ENGINEERING

Federal University of Technology, Akure

2018 - 2024

SKILLS

Python

Django

Django Rest Framework

HTML

CSS

Bootstrap

PostgreSQL

MySQL

JWT Authentication

EXPERIENCE

INTERN

Aptech Computer Education

December 2022 - May 2023

- Learned and applied HTML, CSS, and Python in web development projects.
- Assisted in coding exercises and troubleshooting technical issues.
- Taught and mentored new interns, helping them understand and apply foundational web technologies.
- Developed a strong problem-solving mindset and improved collaboration skills in a tech-driven environment.

PROJECTS

TASK MANAGEMENT SYSTEM

- Developed a Task Management System to streamline project tracking and collaboration.
- Implemented user roles (Project Managers & Developers) with authentication and role-based access control.
- Integrated real-time task updates and in-app notifications using Django Channels/WebSockets.

LAWYER PORTFOLIO WEBSITE (BACKEND)

- Built a RESTful API using Django Rest Framework (DRF) to manage lawyer profiles and client inquiries..
- Implemented JWT authentication and permissions to secure lawyer and admin access..
- Designed and optimized a PostgreSQL database to store lawyer and client request data securely.
- Configured automated email alerts using Django's email framework—lawyers receive new client requests, and clients get confirmation emails.
